

Instructions for setting up Interwrite PRS RF Clicker Devices for use in NATS 101

**READ THOROUGHLY THE INSTRUCTION MANUAL BEFORE
PROCEEDING WITH THESE INSTRUCTIONS OR ASKING THE
INSTRUCTOR OR TAs QUESTIONS.**

Turn on the clicker device using the switch on the lower left side of the device.

When you turn on the device it will attempt to scan for classes.

TO ENTER YOUR UA STUDENT ID INTO THE DEVICE

Press the * key twice

The screen should read “Setup menu” and an arrow to “New class scan” underneath that.

Press the UP arrow key once. It is just to the right of the on/off switch.

You will see “Setup menu” and an arrow to “ID” underneath that.

Press the green arrow key once.

The screen will read “ID:” and “Enter student ID underneath.

Now you need to enter your student ID number. **THIS NUMBER NEEDS TO BE
EXACTLY AS YOUR UA STUDENT ID OR YOUR RESPONSES WILL NOT BE
RECORDED FOR CREDIT!!**

The first letter in the UA student ID number is always S. To enter this letter, press one of the letter keys on the device. Then use the up or down arrows to scroll to the letter S. For example, if you enter “A”, then you would press the down arrow eight times to reach the letter S.

After you enter the letter “S” use the numeric keypad to enter the eight digits following the letter S. **AGAIN, MAKE SURE IT IS AN “S” FOLLOWED BY THE EIGHT
NUMERIC DIGITS OF YOUR STUDENT ID.**

After you enter your student ID, press the large green enter button with the arrow.

The screen should read “Setup menu” with ID: (your student ID) below that. So, for example, ID: S01234567

TO FIND THE RADIO ID NUMBER

On the setup menu, page up or down until you reach “Diagnostics”

Hit the green enter key once

The screen will give the battery life left and the radio ID number of the device below that.

The radio ID has six characters, either numeric digits or letters. For example:

Radio ID F3AB55

This is the number you need to record to hand in on your 3 x 5 card along with your name and student ID number.
